SUMMARY

Motivated Health Information and Communication Technology undergraduate at Gampaha Wickramarachchi University of Indigenous Medicine with practical experience in mobile application development, web development, and healthcare technology. Skilled in Flutter, Kotlin, Firebase, JavaScript, HTML, CSS, and REST APIs. Developed healthcare and agriculture mobile applications and a responsive school website through academic projects. Passionate about building innovative digital healthcare solutions while expanding knowledge in Data Analytics, SQL, Power BI, and Artificial Intelligence.

ACADEMIC PROJECTS

AidMe – Intelligent Emergency Assistance Platform

Project Member

- Developed a cross-platform healthcare mobile application using Flutter.
- Implemented Firebase Authentication and Firestore Database.
- Integrated REST APIs.
- Designed responsive UI using Figma.
- Developed Mental First Aid, Physical First Aid, Health Tracker, Medicine Reminder, Emergency Contact, and Health Quiz modules.
- Followed Agile Software Development methodology.

AgroLink – Smart Agriculture Platform

Project Member

- Developed an Android application using Kotlin and Android Studio.
- Implemented Firebase Authentication and Firebase Realtime Database.
- Designed user-friendly interfaces.
- Built agriculture information and farmer support features.
- Worked in an Agile development environment.

EDUCATION

Bachelor of Health Science Honours in Health Information and Communication Technology

Gampaha Wickramarachchi University of Indigenous Medicine, Sri Lanka
Undergraduate | Currently Reading

Bachelor of Science (External) in Electronics and Automation Technologies

Faculty of Science, University of Colombo
Status: Currently Reading

Higher National Diploma (HND) in Telecommunication

Jaffna Technical College

Duration: 2022 – 2023

School Education

Jaffna Central College

- Primary to G.C.E. Advanced Level
- 2007 – 2021

INTERNSHIP

Health Information & Communication Technology Intern

Jaffna Teaching Hospital

- Assisted in Health Information Management System (HIMS) operations.
- Managed patient records and healthcare data.
- Gained practical experience in Electronic Health Records (EHR).
- Worked with healthcare professionals in a clinical environment.
- Improved skills in data management, communication, and teamwork.

SKILLS

TECHNICAL SKILLS

Programming:

- Dart
- Python
- JavaScript
- Java (Basic)

Frameworks:

- Flutter
- Node.js

Database:

- Firebase Firestore
- Firebase Authentication
- MySQL (Learning)

Data Analytics:

- Excel
- Power BI (Learning)
- SQL (Learning)

Tools:

- Figma
- GitHub
- VS Code
- Android Studio
- Docker

Cloud:

- firebase (Learning)

SOFT SKILLS

- Communication
- Leadership
- Teamwork
- Critical Thinking
- Problem Solving
- Time Management
- Adaptability

LEADERSHIP

- University Cricket team Captain

ADDITIONAL INFORMATION

- **Languages:** Tamil (Fluent) - English (Intermediate) - Sinhala (Intermediate)
- **Certifications:**
 - Cricket – Following cricket matches, players, and cricket-related statistics
 - Films and Cinema – Watching films and exploring storytelling and creative experiences
